

COACHING CORPS™

COACH TRAINING AND SUPPORT

Coaching Corps provides coaches with a comprehensive, multi-level system of training and ongoing support to set them on a path to success, reinforce learning, and meet all their needs in real time.

Our coach trainings are informed by the latest research to teach kids important life skills like leadership, teamwork, and problem solving. We are constantly evolving our content to respond to new findings by engaging with experts in the fields of youth development and social emotional learning. We also use feedback from the afterschool partners and coaches to provide new techniques to best support kids on the field and in life. What distinguishes us from others:

★ Evidence Based

★ Trauma Informed

★ Coupled with
Season Long Support

Online Trainings

We support coaches in their individual learning journeys. However, our trainings are listed in the order that we recommend. Each course builds upon the former. Coaches receive a certification upon completion of each training.

Coaching for Youth Development

Prepares coaches to create a program where kids say: I am protected, I am seen, I have choices, I am capable, I matter, and what I do matters. This course provides coaches with the foundation to plan and implement inclusive, intentional practices with behavior management tools. (60 minutes)

Also available as a LIVE Virtual Training for coaches to learn how to coach kids remotely using the same youth development principles

Coaching with Empathy

Teaches coaches to create an empathetic environment and connections with kids. With deep listening and self-reflection, coaches learn to develop strong relationships with kids and to create supportive and healing environments.

(45 minutes)

Coaching for Character

Prepares coaches to build social emotional skills in young people. These skills support kids to develop optimism, persistence, and the ability to regulate their emotions and behaviors. (60 minutes)

COACHING CORPS™

COACH TRAINING AND SUPPORT

Ongoing Support

Coaching Corps provides the following services for all coaches:

Coaches Corner

Coaches can talk about their team with a Coaching Corps mentor, start a discussion with peers, access coaching guides, and find the latest sports curricula and resources.

E-Newsletter

Coaches receive the latest sports activities/videos, tools from our trusted partners, and inspirational stories.

Website and Social Media

Coaches get quick tips, curated articles, and coach stories.

Virtual Events

Coaches can hear from our network of experts about how to create positive relationships and developmental team environments.

To Be Eligible
